

## **Living Our Mission**

Donald Bloemker from Materials Management was recognized as “Living Our Mission” on August 9, 2010.

*“Donnie encountered a patient in distress in the hallway. He offered to get a wheelchair and proceeded to assist the patient to their destination. Even though patient care is not Donnie’s area of training, he made sure this patient was comfortable and safely arrived to their destination.”*

**With special thanks and much appreciation!**
