

Living Our Mission

Tuesdi Jones from the Emergency Department was chosen as the "Living Our Mission" on October 21, 2009. Tuesdi was nominated by Sue Laughlin.

"Tuesdi goes above and beyond her duties by serving as a volunteer to administer H1N1 flu vaccinations. She has volunteered her services for 9 flu clinics to give the vaccinations throughout Macoupin County including our immediate service areas such as Staunton, Benld, Mt. Olive, and Gillespie. Some of these clinics are 5 hours long. She is to be commended for unselfishly volunteering her time and skills."

With special thanks and much appreciation!
